Projecta Releases New Guide To Battery Maintenance And Battery Power Products

The 2011 Projecta Battery Maintenance and Battery Power Catalogue, just released in New Zealand is being heralded as among the most comprehensive catalogues of its type for its content and range.....not just locally, but worldwide

Six months in development, the 152-page Projecta catalogue is a quantum leap ahead of anything released before and sets Projecta apart with its amazing range of world class products.

Such is the range catalogued that it meets the demands of automotive, heavy transport and construction workshops; mining operations; marine workshops, boat and jet ski owners, along with camping, caravanning, motorcycle and car enthusiasts, as well as the DIY home workshop handyman.

There is something in it for everyone, according to local Projecta distributor, NARVA New Zealand.

The new publication contains a wealth of technical and product information in an easy-to-read format with appealing graphics and images to assist both the technically minded and the lay person.

PRESS RELEASE

More than 40 pages are devoted to New Zealand's most extensive range of workshop battery chargers, followed by the most comprehensive range of high-performance Jumpstarters, to the latest 'Sure Start' professional range of Jumpstarters.

Inverters suitable for camping, caravanning, car, 4WD, truck and coach, including modified and the latest class-leading pure sine wave models, are listed, plus power management and dual battery systems; booster cables for cars through to heavy construction equipment plus a host of battery and starter cables and battery accessories.

Battery maintenance products such as battery and alternator testers, Voltmeters, circuit testers, multimeters and load and carbon pile testers fill a complete section.

The catalogue has been printed in Australia on a high quality stock and in line with the manufacturing environmental policy, the ink used used was 100% vegetable-based.

This impressive catalogue is now available from leading automotive outlets throughout New Zealand or by contacting NARVA New Zealand on (09) 525 4575.
