Narva's new interior lamps feature a contemporary slimline design in single or twin fluorescent tube options. Available in 12 or 24V, these lamps are surface mountable, low profile and feature a quality Off/On Rocker Switch. With opal lenses for appealing appearance and softer light output, they are ideal for caravan, RV and truck and trailer applications.

87410 & 87420

87430 & 87440

Fluoro tubes included
