

NEW Scotchgard™ Paint Protection Film

 [Printer friendly version here](#)

It is with great excitement that we announce the availability of the new Scotchgard™ Paint Protection Film, containing 3M SGH Performance Technology. This new product maintains the beauty and integrity of automotive finishes on vulnerable exterior surfaces such as leading hood edges, bumpers and wheel arches. It is a rugged, urethane film which helps protect against stone chips, bug damage, abrasion and weathering. 3M Scotchgard™ Paint Protection Film helps protect your finish like no other. No longer will an Applicator be required to make a choice between "high gloss retention" or "easier to apply" film. Now they can have it all in one product!

Features, Advantages and Benefits:

- High gloss retention
- Superior clarity and resistance to yellowing, weathering, staining
- New liner providing superior performance for plotting and appearance
- Increased conformability resulting in easier to apply characteristics
- 3M exclusive technology - Patent Pending construction
- 5 Year Warranty

What is the Scotchgard™ Paint Protection Film warranty?

A. 3M warrants that Scotchgard™ Paint Protection Film, will be free of defects in materials and manufacture for five (5) years from date of purchase. This warranty does not apply to damage caused by misuse, accident, misapplication, or ordinary wear, nor does it apply to dents caused by physical impact of rocks or road debris.
